The In-Home Respite Program provides caregivers of children and young adults with special needs a much-needed break from the daily challenges of caregiving. By offering short-term relief in a safe, supportive, and enriching environment, the program helps reduce caregiver stress, prevent burnout, and improve overall family well-being. Families can recharge, knowing their child is receiving quality, compassionate care at home.

This support not only strengthens caregivers but also enhances the quality of life for the children served by encouraging growth, enrichment, and social interaction
